Dr Madam/Sir
Namaskar!

As you are aware, we are advocating for the enactment of a law to establish a National Council for Social Work Education (NCSWE) in India. In this regard, we have submitted a representation to Prime Minister Sh Narendra Modi Ji, and Sh Ramesh Pokhriyal 'Nishank', Education Minister, and other officials. We have also submitted a document titled the *National Council for Social Work Education (NCSWE) 2021*, which we prepared after a country wider consultation.

We know your active engagement in this regard and we have a heartfelt appreciation for your efforts. We wish to inform you that the Government of India has recognized social workers in the health sector in its new law *The National Commission of Allied and Health Care Professions Act 2021*. This creates further hopes that we will succeed in our efforts. However, this will not be possible without your support. As each voice matters, we are approaching you to VOICE for Council.

We earnestly **request you to write a letter/email** on your official letterhead or in your individual capacity to the Prime Minister, Education Minister, UGC, and NITI AAYOG, Government of India **with a request to enact legislation for the National Council of Social Work Education**. A model letter and emails are enclosed for your ready reference.

Please send your letter to these officials and your Member of Parliament before the Monsoon session of parliament starts i.e.19th July. Please mark a bcc of your mail to us also ncswe2021@gmail.com. *Please forward this email to your friends and in your group(s) with a similar request.*
